  Board Of Secondary Education GPA: 8.8 — *June 2016 - May 2017*

SKILLS SUMMARY

- **Programming Languages**: Python, JAVA, JavaScript, SQL
- **Web Technologies**: HTML, CSS
- **CSS Frameworks**: Tailwind CSS
- **Frameworks**: React.js, Node.js, Express.js
- **Databases**: MongoDB, MySQL
- **Animation Libraries**: GSAP (GreenSock Animation Platform)
- **UI/UX Tools**: Figma (Collaborative, intuitive, UI/UX design tool)
- **Version Control**: GitHub
- **Cloud Technologies**: AWS(Amazon Web Services) - EC2,S3
- **Soft Skills**: Leadership, Event Management, Time Management

PROJECTS

- **Nutricare – Delivery Platform**: NutriCare is a hospital food management platform built with the MERN stack. The backend is powered by Node.js, Express, and MongoDB, hosted on AWS EC2 for cloud deployment. I integrated JWT authentication and implemented role-based access for admins, dietitians, and kitchen staff. The system also includes dynamic meal scheduling and real-time updates.
